

# **CHARUTAR VIDYAMANDAL WOMEN DEVELOPMENT CELL VALLABH VIDYANAGAR**

**AREA OF WORK: DEVELOPMENT**

**Coordinators:** Dr. Trupti Desai, BVM Engineering College  
Dr. Arti Pamnani, BBIT

## **Rational:**

Charutar Vidya Mandal (CVM) has always been known for its gender sensitivity and equal opportunities to all. In this academic year under non - academic cell, a women cell for all institutes of Charutar Vidya Mandal was formed. This cell aims to accentuate various areas viz. Counselling, Development, Gender Equality and women health for holistic women empowerment.

Development is one of the major areas of work for female staff as well as girl students. Development can be considered as mental, economical, physical, physiological and emotional development. Under this umbrella all aspects will be covered by either counselling, workshop, seminars or series of activities. Coordinators of development cell will design and organize activities to create a better world for female staff as well as girl students.

## **Methodology:**

- Conducting small workshop for staff and create a team for further activities under the cell.
- Design and execution of program as well as workshop especially for girl students
- Making all female staff and girl students aware about counselling cell of CVM as well as institute.
- Execute at least two programs for staff and three for girl students.
- Arranging health camps and health related awareness program for all.

## **Major Outcomes Expected:**

- Female staff will be more active and enthusiastic to work for the objectives of women cell.
- More awareness about self will be generated amongst female staff and girl students.
- Overall atmosphere of all institutes will be more toward gender equity.

## **Work plan:**

**Objective:** Team building for area of work: Development

- To develop a vicinity to bring awareness of women empowerment
- To facilitate training programs to encourage sense of independence among women
- To become instrumental as a resource cell for generating reciprocity of progressive ideas through lecture, expert talks, seminars, workshops and various innovative activities

**Participants:** Total number 30 (only interested female staff)
